## IN OUR CURRICULUM:

Spelling– We have completed our last test. Students can continue to practice spelling lists on [Spelling City here](#).

Math– We have completed our math concepts for 3rd grade. Students can use their math workbooks to practice skills over the summer. Additionally, please ensure your student is practicing their math facts daily, to prevent a summer slide.

Writing– Students are working on an independent writing assignment to showcase everything they have learned this year.

Literature– We are finishing The Seven Wonders of Sassafra Springs. Ask your student if they define a wonder differently now that they have read the book.

Science– Students had a blast dissecting cow eyes and identifying the different parts of the eye.
