Science

We are continuing our unit on organisms and habitats. This unit focuses on the interdependent relationships between plants and animals in ecosystems. We will start by learning about plant diversity and the varied habitats of plants. Then we will move into animal diversity and the varied habits for animals. At the end of the unit, we will look at the relationships between plants and animals and how they affect one another.

May Poem

Who Has Seen the Wind?

Who has seen the wind?
Neither I nor you:
But when the leaves hang trembling,
The wind is passing through.

Who has seen the wind?
Neither you nor I:
But when the trees bow down their heads,
The wind is passing by.
~Christina Rossetti~

We will learn about Christina Rossetti and read several of her many poems.

Saying for May

**You can't teach an old dog
new tricks**

Be looking for ways to bring this saying into your conversations 😊
