

LOVE OF LEARNING

2ND AND 5TH GRADE TITAN BUDDIES | FEBRUARY 2023

Questions to Ask at Home:

How many ways can you...?

What do you love about...?

What would happen if...?

What do you find interesting about...?

LOVE OF LEARNING

This month, we are discussing the habit, love of learning, with our Titan Buddies. Having a love of learning is the way in which a person engages new information and skills. We hope to instill a life-long passion for curiosity in all of our students. A love of learning starts with excitement about a certain subject, project, or book.

To help your child foster a love of learning, ask engaging questions about school, the books you read in the evening, or science experiments you do. Encourage your child to ask questions about the world around them and interact with the beauty of nature.
