

2023-2024 Cottage School Program

Weekly News--Week of September 11

Isn't it funny how day by day nothing changes, but when we look back everything is different?
~ C.S. Lewis

One of the great joys of working with students each day - and the joy of parenthood - is to see their growth from the beginning of the school year to the end (or even from last May to August!). Our K-12 scope from CSP to CP affords us an even better opportunity to see this transformation from elementary to junior high to graduation. At times, the changes they experience may feel incremental, and we may wonder if any growth is even happening. Rest assured it is, even if that growth feels slow.

We're four weeks into the school year already, and changes are already undoubtedly taking place. Don't miss them! If you haven't already done so, take a picture of your student now so you can see how much they've grown by the time May rolls around. What's one goal your student has for this year? Ask them (or even consider recording an interview with them), write it down, and revisit it next spring. The nine months that make up the school year will go fast - they always do - and the growth that happens truly is remarkable. We're grateful to partner with you on this educational journey...Thank you for the opportunity!

Typing Pal Log-In Instructions (Grades 3-6 Only)

Typing Pal is a learn-to-type program that we offer at no charge to all of our upper elementary students. There is no requirement to participate; it's simply something families may use as part of their home school curricula if students desire to learn/master basic typing skills. Log-in instructions are below.

1. Go to <https://clascott.typingpal.com>
2. Each student's **user name** is the first letter of his/her first name (as given in Infinite Campus; not a nickname) followed by the student's last name (i.e. shille would be the username for Stefani Hille).
3. The **password** is identical for each student—*titans*—UNLESS a student was with us previously and changed his/her account to a unique password. Once students are logged in, they may change their password to something unique to them.
4. Questions or trouble logging in? Contact Stef Hille at shille@asd20.org.
