Science

We are starting our new unit on organisms and habitats. This unit focuses on the interdependent relationships between plants and animals in ecosystems. We will start by learning about plant diversity and the varied habitats of plants. Then we will move into animal diversity and the varied habits for animals. At the end of the unit, we will look at the relationships between plants and animals and how they affect one another.

April Poem

Hurt No Living Thing

Hurt no living thing;
 Ladybird, nor butterfly,
 Nor moth with dusty wing,
 Nor cricket chirping cheerily,
 Nor grasshopper so light of leap,
 Nor dancing gnat, nor beetle fat,
 Nor harmless worms that creep.
 ~Christina Rossetti~

We will learn about Christina Rossetti and read several of her other poems.

Sayings for April

Practice what you preach
 Two heads are better than
 one
