Notes

Please sign up for literacy testing on January 5th or 12th with your classroom teacher.

Spelling Words

No test this week

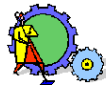

Spelling City:

<https://www.spellingcity.com/TCA2ndgrade/>

Thank you to all who gave time, food, crafts, and other items to give the children such fun Holiday parties. We appreciate you so much!

**READ! READ! READ!
Remember the challenge!**

Science

In science we are going to learn about electricity. The unit will focus on the scientific concept of electricity and how people use electricity to make things work. We will compare and contrast static electricity and electric current and we will observe evidence of static electricity. In class we will discuss a simple circuit and then build a simple circuit.

January Poem

During the month of January, we will be learning about and memorizing limericks by Edward Lear, particularly, *There Was an Old Man With a Beard*.

Sayings for January

Turn over a new leaf
Where there's a will there's
a way

Be looking for ways to bring these into your conversations 😊
