In Our Curriculum:

Core Knowledge

Colonies: We begin our study of the earliest colonies in America. We study our nation’s journey to Independence and take a close look at George Washington’s important role.

Math

Chapter 13 is a long chapter that introduces multiple addition and subtraction strategies for working with greater numbers. The strategies are very reliant on rapid recall of facts to 10. It is also very important for your child to be able to recognize the digits in the 10’s and 1’s place values. The chapter 13 parent letter is below for you to be able to view the various strategies.

Conferences

Teachers will contact you if a parent teacher conference in March is necessary. If you do not hear from your teacher, but would like to set up a conference, please email your classroom teacher.

Valentines Exchange

Wednesday Afternoon
***Exchange is optional, but please send in a valentine for every student if you choose to participate.

It’s snuffle season and we are running low on tissues. If you are able, please send in a box or two.
Thanks!
