## *Fourth Grade Field Trip and Special Event Descriptions*

At TCA, field trips and other hands-on learning are an integral part of our education. As a fourth grade team, part of our goal has been to schedule special events and field trips that help students experience what they have been learning throughout different subjects. The field trips and special events scheduled for this year are what we consider "the best of the best."

### *Field Trip*

---

#### **Garden of the Gods**

---

Location: **Colorado Springs**      Transportation: Bus      When: September

\*\*On this field trip, we will look at the geology of the Garden of the Gods.

---

#### **Glen Eyrie**

---

Location: **Colorado Springs**      Transportation: Bus      When: May

\*\*Students tour the castle as they delve deeper into Colorado history.

---

### *Special Events*

---

#### **Medieval Day**

---

When: October 27

\*\*Students are encouraged to come in Medieval Period clothing as they complete activities that enhance their knowledge of the medieval time period.

---

#### **Pioneer Museum Visit**

---

When: January -TBD

\*\*A docent from the museum will visit us at school and share information to explore Colorado history.

---

#### **PI Day**

---

When: March 15

\*\*Students participate in a variety of activities that teach about the concept of Pi.

---

#### **Patriot's Day/Living Museum**

---

When: May 10

\*\*Following our American Revolution unit for History, we will have our Annual Patriot Day "Living Museum." Before this special day students will research (in class), make an oral presentation (in class), and make a tri-fold poster (at home) of a famous patriot. Your student may also dress up in clothing common for this era.

---

## **Heart and Lung Dissection**

---

When: May 22

This day occurs in conjunction with the circulatory unit in science. Students rotate through each class as they participate in activities that explore the heart and lungs.
