## Course Description:

Study Skills is a class designed to teach you skills to help you study for your tests/quizzes, and to teach you the skills to write your English papers. We also provide you time to work on the schoolwork you do not finish at home. We will teach you to be responsible for keeping track of your individual assignments, tests, and quizzes. Therefore, a **PLANNING METHOD IS REQUIRED** (a planner, phone calendar, etc.). You will learn a method that works best for you to help you keep organized.

## Course Objective:

1. To teach you your strengths and how to use them to help you complete your assignments and study for tests/quizzes.
2. To understand areas where you can grow and improve those skills.

## School Policy (Please refer to school policies for the following):

1. Masks required in classroom at all times
2. NO CELL PHONES (phone must be placed in cell phone pockets)
3. NO EAR BUDS

## Class Rules:

1. Come to class prepared (planner, writing utensil, books, binder, etc.)
2. Come to class willing to work (this is not a “break” from your day, a chance to play on your computer or your phone).
3. Be respectful to others (provide them an environment to work)
4. Communicate (let me know when you need help: “I do not understand this assignment.” or “Can you please clarify this assignment?”, etc.)

## Class Grading Policy:

Since Study Skills is considered an elective, you will receive credit for this class. Therefore, you will receive a grade based on being: Following Directions, On Task, On Time, Organization, Prepared, and Proof of Work.
